HIGH STRENGTH REMOVABLE ORANGE THREADLOCKER

Permatex High Strength Removable Orange is a hybrid formula that combines the strength of a Permatex Red Threadlocker with the removability of a Permatex Blue Threadlocker.

- 3X stronger than blue
- Holds like red but removes with hand tools
- Ideal for fasteners 1/4" to 1" and high vibration applications
- Ensures pieces will not loosen or back out over time
- Ideal for power sports, heavy equipment, automotive and industrial applications
