ECCO®

ED3040 / ED3060 DIRECTIONAL LED SERIES

These low-profile, multifunctional lights maximize visibility on the back of the vehicle. Use them to indicate stop-turn-tail-reverse with steady burn red and white colors. When warning lights are activated, the dual-color lights provide 69 attention-grabbing flash patterns. Installation is a breeze with a female PL3 or AMP connector and grommet mount or a flange mount option.

- 12-24 VDC
- 69 flash patterns
- Long life, low current consumption
- Grommet mount included
- Flange mount available
- Vibration and shock resistant
- Connector for ground, stop / turn, tail
- Temp. range: 22°F to 122°F

EW2602 WORKLIGHT

Scan this QR code to see this light in action!

The EW2602 worklight is designed with a 40° down-angle to illuminate the immediate area around trucks, work vehicles or trailers with a focused flood beam of white light. The compact design and simple mount allow the LED light to fit on small surfaces or where space is tight. Highlight tripping hazards and help workers find their footing with this helpful, low-profile worklight.

- 1700 raw lumens
- 18 watts
- Compact durable design
- Polycarbonate lens
- Temp. range: 40°F to 149°F
- Measures 9.1" w X 1.8" h X 2.4" d
- Great for RV's, utility vehicles, trailers, lower scene lighting around work trucks
