The Wyakin Mission:

To serve as a conduit, connecting wounded and injured veterans to their successful and fulfilling civilian futures through education, development, and guidance.

What is the Wyakin Foundation?

Veteran transition presents challenges and the Wyakin Foundation serves as a conduit to connect wounded and injured veterans with a renewed sense of purpose.

With mentorship programs, community engagement, professional development, academic support, and emergency assistance, Wyakin is standing up for veterans.

A portion of the proceeds from the "Green Gives Back" campaign goes to supporting the veterans on their journey to discovering new purposes.
